ABSTRACT

The publication, Part VII of a series, includes the charters, constitutions, articles of association or community organization, and by-laws of California Indians on 16 reservations and rancherias. Legal documents from the following groups are provided: Hoopa, Me-Wuk, and Paiute Indians; the Agua Caliente Band of Mission Indians; the Mission Creek Band; Big Valley, Kashia, and Upper Lake Pomo Indians; the Quechan and Washoe tribes; and Indians from the Santa Rosa Community and the Susanville and Trinidad rancherias. Anthropologists have divided California Indians into 21 linguistic groups, most of which are too small to classify as tribes. The location of Indians on reservations is by bands or groups rather than by linguistic or tribal designation. Also included in the document are the Rancheria and Reservation Act of Public Law 85-671 and a brief description of the socioeconomic background of California Indians. (EJ)

CALIFORNIA INDIANS, RESERVATIONS AND RANCHERIAS

Issued by the Bureau of Indian
Affairs, Sacramento Area
Office, California

Scientists have divided California Indians into 21 linguistic groups, most of which were too small to bear the usual designation of tribe. In the last of the 19th century, California Indians were the victims of unwarranted treatment. Some protective efforts were undertaken with the establishment of reservations and rancherias, today numbering 76 and comprising nearly one-half million acres, were established by Executive or Secretarial Order setting aside Public Domain for Indian use, by purchase, or in a few instances, by the gift of land. Some reservations were established for a specifically named group and others were for "landless California Indians." Many Indians without reservation affiliation were given public domain allotments which were the equivalent to homesteads to non-Indians. Locations of the Indians on the reservations are by bands or groups, not by linguistic or tribal designation. For example, there are Cahuilla Indians on the Agua Caliente Reservation at Palm Springs and the Augustine Band of Cahuilla Indians of the Augustine Reservation at Thermal.

While a few reservations contain substantial resources, such as timber, most are unproductive and serve basically as homesites for the Indian owners who must earn their livelihood by off-reservation employment. Reservation use follows two basic patterns. Land may be allotted, *i. e.*, divided among the members of the band or group, or it may be used on an assignment basis which is a use right wherein no vested interest is acquired. A few reservations have been allotted, but the majority are still in tribal or group ownership and used by members on an assignment basis. Use of rancherias is by assignment only. Some groups are formally organized with a constitution and bylaws and others are not, depending upon precedent and custom in making decisions effecting the group.

In the early years Indian residents of California were furnished few, if any, services by the State and its local subdivisions, which meant that the Indian Bureau had many responsibilities. Day schools were established on many reservations, as well as boarding schools where children were brought from other areas. Some 30 years ago, the right of Indian children living on trust property to attend public schools was established and thereafter in California reservation day schools were gradually closed and in 1952 when by no further admissions the attendance of California Indians at Government boarding schools was discontinued. All Indian children living in California today are expected to attend local public schools the same as non-Indian resident children.

Other services formerly made available to California Indians by the Indian Bureau have been assumed by the State and local agencies and some by other Federal agencies. Since 1952 this office has not had funds with which to continue the limited welfare services previously furnished, because Indians are entitled to assistance through county welfare departments the same as other eligible resident citizens. California was one of the states named in Public Law 83-280, enacted in 1953, which transferred civil and criminal jurisdiction over Indian reservations to local law enforcement agencies. Public Law 277, also enacted in 1953, removed Federal restrictions over Indian consumption of liquor. In 1955 the responsibility for the Indian health and hospital program throughout the United States was transferred from the Bureau of

Indian health and hospital program throughout the United States was transferred from the Bureau of Indian Affairs to the Public Health Service. In California the program of the Division of Indian Health of the Public Health Service is limited to construction of sanitation facilities for Indian homes and communities. However, Indians in California have access to the same medical facilities as other resident citizens. Summarily, California Indians are entitled to and expected to participate in programs generally available to the citizens of the State.

In their socio-economic development Indians differ from reservation to reservation. One of the big problems on a number of reservations is lack of steady, year-round jobs, resulting in seasonal wage work and welfare assistance during the off-season. As a means of helping to overcome the frequent lack of opportunity to obtain higher-level skills, the Indian Bureau conducts an Employment Assistance Program which encompasses vocational training at State and private vocational schools and relocation on a voluntary basis to any one of several urban areas throughout the west and middle west. Living quarters occupied by California Indian reservation residents, for the most part, are those which they themselves have supplied and, as may be imagined, they vary tremendously in conveniences offered. In most cases, reservation residents do not have sufficient incomes to qualify for Government-insured private housing loans or low-rent public housing. The possibilities of self-help housing, where materials are provided with the Indians doing the labor is being explored as a means of alleviating this situation.

While many Federal services to Indians are the result of treaties, there are no treaties with California Indians. (The 18 separate treaties which were negotiated in 1850 and 1851 with California Indians were never ratified by the U.S. Senate and therefore never became effective.) The primary function of the Sacramento Area Office of the Bureau of Indian Affairs is the administration of Indian trust lands. Being in trust means that the Federal government has placed certain restrictions on the Indian owners in connection with the use and disposition of the land. Although trust land is exempt from taxation, the Indians cannot lease or sell it without first obtaining the consent of the Government. As a result of this ownership restriction and to assist the Indian people to become more self-supporting, the Bureau of Indian Affairs constructs and maintains roads and irrigation systems, where needed, manages timber resources and grazing lands, leases land for agricultural and other uses, sells individually-owned trust land or timber upon request of the Indian owner, advises and provides guidance on organization and governmental matters and related items such as tribal membership and budgets. This office does not make annual census of California Indians, nor are census maintained for all the reservations and rancherias. It is estimated that there are about 40,000 California Indians of which about 7,500 reside on trust lands.

Public Law 85-671, commonly known as the Rancheria Act, was enacted by Congress in 1958 and amended in 1964. This Act permits the distribution of the land and other assets of any reservation or rancheria lying wholly within the State of California to the Indian owners, thereby removing it from trust status and making it the same as any other privately-owned property, if a majority of the members so desire. Some 30 rancherias have been removed from trust status under this Act and several more are in the process.

One of the popular misconceptions with regard to Indians is that by virtue of being Indian, each such individual receives a periodic payment from the Federal Government. This, of course, is untrue. The only payments received by Indians, as

such, from the Federal Government are based on land ownership or on a reservation affiliation whereby income from a tribal resource is being distributed to members; for example, revenue from the sale of tribally-owned timber or whereby a judgement award received by the tribe is being distributed. Along with all other Indians, California Indians are full citizens and have a right to vote. They can come and go as they please, work where they want, accumulate property, or do anything else open to any other citizen. Even on California Indian reservations, only vestiges of the aboriginal culture remain. Few of the original dances and ceremonials are still practiced and only a few of the older Indians are familiar enough with the arts and handicraft of their ancestors to produce similar items. Concisely, contemporary California Indians live much the same as anyone else within the same economic level.

PUBLIC LAW 85-671

AN ACT

To provide for the distribution of the land and assets of certain Indian rancherias and reservations in California, and for other purposes.

[August 18, 1958; H. R. 2824]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the lands, including minerals, water rights, and improvements located on the lands, and other assets of the following rancherias and reservations in the State of California shall be distributed in accordance with the provisions of this Act: Alexander Valley, Auburn, Big Sandy, Big Valley, Blue Lake, Buena Vista, Cache Creek, Chicken Ranch, Chico, Cloverdale, Cold Springs, Elk Valley, Guidiville, Graton, Greenville, Hopland, Indian Ranch, Lytton, Mark West, Middletown, Montgomery Creek, Mooretown, Nevada City, North Fork, Paskenta, Picayune, Pinoleville, Potter Valley, Quartz Valley, Redding, Redwood Valley, Robinson, Rohnerville, Ruffeys, Scotts Valley, Smith River, Strawberry Valley, Table Bluff, Table Mountain, Upper Lake, Wilton.

SEC. 2. (a) The Indians who hold formal or informal assignments on each reservation or rancheria, or the Indians of such reservation or rancheria, or the Secretary of the Interior after consultation with such Indians, shall prepare a plan for distributing to individual Indians the assets of the reservation or rancheria, including the assigned and the unassigned lands, or for conveying such assets to a corporation or other legal entity organized or designated by the group, or for conveying such assets to the group as tenants in common. The Secretary shall provide such assistance to the Indians as is necessary to organize a corporation or other legal entity for the purposes of this Act.

(b) General notice shall be given of the contents of a plan prepared pursuant to subsection (a) of this section and approved by the Secretary, and any Indian who feels that he is unfairly treated in the proposed distribution of the property shall be given an opportunity to present his views and arguments for the consideration of the Secretary. After such consideration, the plan or a revision thereof shall be submitted for the approval of the adult Indians who will participate in the distribution of the property, and if the plan is approved by a majority of such Indians who vote in a referendum called for that purpose by the Secretary the plan shall be carried out. It is the intention of Congress that such plan shall be completed not more than three years after it is approved.

(c) Any grantee under the provisions of this section shall receive an unrestricted title to the property conveyed, and the conveyance shall be recorded in the appropriate county office.

(d) No property distributed under the provisions of this Act shall at the time of distribution be subject to any Federal or State income tax. Following any distribution of property made under the provisions of this Act, such property and any income derived therefrom by the distributee shall be subject to the same taxes, State and Federal, as in the case of non-Indians: Provided, That for the purpose of capital gains or losses the base value of the property shall be the value of the property when distributed to the individual, corporation, or other legal entity.

SEC. 3. Before making the conveyances authorized by this Act on any rancheria or reservation, the Secretary of the Interior is directed:

(a) To cause surveys to be made of the exterior or interior boundaries of the lands to the extent that such surveys are necessary or appropriate for the conveyance of marketable and recordable titles to the lands.

(b) To complete any construction or improvement required to bring Indian Bureau roads serving the rancherias or reservations up to adequate standards comparable to standards for similar roads of the State or subdivision thereof. The Secretary is authorized to contract with the State of California or political subdivisions thereof for the construction or improvement of such roads and to expend under such contracts moneys appropriated by Congress for the Indian road system. When such roads are transferred to the State or local government the Secretary is authorized to convey rights-of-way for such roads, including any improvements thereon.

(c) To install or rehabilitate such irrigation or domestic water systems as he and the Indians affected agree, within a reasonable time, should be completed by the United States.

(d) To cancel all reimbursable indebtedness owing to the United States on account of unpaid construction, operation, and maintenance charges for water facilities on the reservation or rancheria.

(e) To exchange any lands within the rancheria or reservation that are held by the United States for the use of Indians which the Secretary and the Indians affected agree should be exchanged before the termination of the Federal trust for non-Indian lands and improvements of approximately equal value.

SEC. 4. Nothing in this Act shall abrogate any water right that exists by virtue of the laws of the United States. To the extent that the laws of the State of California are not now applicable to any water right appurtenant to any lands involved herein they shall continue to be inapplicable. While the water right is in Indian ownership for a period not to exceed fifteen years after the conveyance pursuant to this Act of an unrestricted title thereto, and thereafter the applicability of such laws shall be without prejudice to the priority of any such right not theretofore based upon State law. During the time such State law is not applicable the Attorney General shall represent the Indian owner in all legal proceedings, including proceedings before administrative bodies, involving such water right, and in any necessary affirmative action to prevent adverse appropriation of water which would encroach upon the Indian water right.

SEC. 5. (a) The Secretary of the Interior is authorized to convey without consideration to Indians who receive conveyances of land pursuant to this Act, or to a corporation or other legal entity organized by such Indians, or to a public or non-profit body, any federally owned property on the reservations or rancherias subject to this Act that is not needed for the administration of Indian affairs in California.

(b) For the purposes of this Act, the assets of the Upper Lake Rancheria and the Robinson Rancheria shall include the one-hundred-and sixty-acre tract set aside as a wood reserve for the Upper Lake Indians by secretarial order dated February 15, 1907.

(c) The Secretary of the Interior is authorized to sell the five hundred and sixty acres of land, more or less, which were withdrawn from entry, sale, or other dis-

position, and set aside for the Indians of Indian Ranch, Inyo County, California, by the Act of March 3, 1928 (45 Stat. 162), and to distribute the proceeds of sale among the heirs of George Hanson.

SEC. 6. The Secretary of the Interior shall disburse to the Indians of the rancherias and reservations that are subject to this Act all funds of such Indians that are in the custody of the United States.

SEC. 7. Nothing in this Act shall affect any claim filed before the Indian Claims Commission, or the right, if any, of the Indians subject to this Act to share in any judgment recovered against the United States on behalf of the Indians of California.

SEC. 8. Before conveying or distributing property pursuant to this Act, the Secretary of the Interior shall protect the rights of individual Indians who are minors, non compos mentis, or in the opinion of the Secretary in need of assistance in conducting their affairs, by causing the appointment of guardians for such Indians in courts of competent jurisdiction, or by such other means as he may deem adequate, without application from such Indians, including but not limited to the creation of a trust for such Indians' property with a trustee selected by the Secretary, or the purchase by the Secretary of annuities for such Indians.

SEC. 9. Prior to the termination of the Federal trust relationship in accordance with the provisions of this Act, the Secretary of the Interior is authorized to undertake, within the limits of available appropriations, a special program of education and training designed to help the Indians to earn a livelihood, to conduct their own affairs, and to assume their responsibilities as citizens without special services because of their status as Indians. Such program may include language training, orientation in non-Indian community customs and living standards, vocational training and related subjects, transportation to the place of training or instruction, and subsistence during the course of training or instruction. For the purposes of such program, the Secretary is authorized to enter into contracts or agreements with any Federal agency from undertaking any other program for the education and training of Indians with funds appropriated to it.

SEC. 10. (a) The plan for the distribution of the assets of a rancheria or reservation, when approved by the Secretary and by the Indians in a referendum vote as provided in subsection 2 (b) of this Act, shall be final, and the distribution of assets pursuant to such plan shall not be the basis for any claim against the United States by an Indian who receives or is denied a part of the assets distributed.

(b) After the assets of a rancheria or reservation have been distributed pursuant to this Act, the Indians who receive any part of such assets, and the dependent members of their immediate families, shall not be entitled to any of the services performed by the United States for Indians because of their status as Indians, all statutes of the United States which affect Indians because of their status as Indians shall be inapplicable to them, and the laws of the several States shall apply to them in the same manner as they apply to other citizens or persons within their jurisdiction. Nothing in this act, however, shall affect the status of such persons as citizens of the United States.

SEC. 11. The constitution and corporate charter adopted pursuant to the act of June 18, 1934 (48 Stat. 984), as amended, by any rancheria or reservation subject to this Act shall be revoked by the Secretary of the Interior when a plan is approved by a majority of the adult Indians thereof pursuant to subsection 2 (b) of this Act.

SEC. 12. The Secretary of the Interior is authorized to issue such rules and regulations and to execute or approve such conveyancing instruments as he deems necessary to carry out the provisions of this Act.

SEC. 13. There is authorized to be appropriated not to exceed \$509,235 to carry out the provisions of this Act.

Approved August 18, 1958.

"(c) To construct, improve, install, extend, or otherwise provide, by contract or otherwise, sanitation facilities (including domestic and community water supplies and facilities, drainage facilities, and sewage- and waste-disposal facilities, together with necessary appurtenances and fixtures) and irrigation facilities for Indian homes, communities, and lands, as he and the Indians agree, within a reasonable time, should be completed by the United States: Provided, That with respect to sanitation facilities, as hereinbefore described, the functions specified in this paragraph, including agreements with Indians with respect to such facilities, shall be performed by the

Secretary of Health, Education, and Welfare in accordance with the provisions of section 7 of the Act of August 4, 1954 (58 Stat. 674), as amended (42 U.S.C. 2004a)."

(f) Section 3(e) of such Act is amended by deleting the word "non-Indian".

(g) Section 5 of such Act is amended by adding a new subsection as follows:

Any rancheria or reservation lying wholly within the State of California that is held by the United States for a named tribe, band, or group that was not occupied on January 1, 1964, may be sold by the Secretary of the Interior and the proceeds shall be deposited to the credit of the tribe, band, or group."

(h) Section 10(b) of such Act is amended (1) by inserting after the words "their immediate families " the words "who are not members of any other tribe or band of Indians", (2) by inserting after "because of their status as Indians", the words "all restrictions and tax exemptions applicable to trust or restricted land or interests therein owned by them are terminated,", and (3) by adding at the end of section 10(b) the following sentence: "The provisions of this subsection, as amended, shall apply in the case of a distribution of assets made either before or after the amendment of the subsection."

Ratified November 12, 1937

Whereas, the Tuolumne Band of Me-Wuk Indians of the Tuolumne Rancheria in the State of California constitutes a recognized Indian Band organized under a constitution and by-laws ratified by the members of the Tuolumne Band of Me-Wuk Indians on December 7, 1935, and approved by the Secretary of the Interior on January 15, 1936, pursuant to section 16 of the Act of June 18, 1934 (48 Stat. 984), as amended by the Act of June 15, 1935 (49 Stat. 378); and

Whereas, more than one-third of the adult members of the Band have petitioned that a charter of incorporation be granted to such Band, subject to ratification by a vote of the adult Indians living on the Rancheria;

Now, therefore, I, Oscar L. Chapman, Assistant Secretary of the Interior, by virtue of the authority conferred upon me by the said Act of June 18, 1934 (48 Stat. 984), do hereby issue and submit this charter of incorporation to the Tuolumne Band of Me-Wuk Indians of the Tuolumne Rancheria to be effective from and after such time as it may be ratified by a majority vote of the adult Indians living on the Rancheria at an election in which at least 30 percent of the eligible voters vote.

1. Corporate Existence and Purposes. In order to further the economic development of the Tuolumne Band of Me-Wuk Indians of the Tuolumne Rancheria in the State of California by conferring upon the said Band certain corporate rights, powers, privileges and immunities; to secure for the members of the Band an assured economic independence; and to provide for the proper exercise by the Band of various functions heretofore performed by the Department of the Interior, the aforesaid Band is hereby chartered as a body politic and corporate of the United States of America, under the corporate name, "Tuolumne Band of Me-Wuk Indians."

2. Perpetual Succession. The Tuolumne Band of Me-Wuk Indians shall, as a Federal corporation, have perpetual succession.

3. Membership. The Tuolumne Band of Me-Wuk Indians shall be a membership corporation. Its members shall consist of all persons now or hereafter members of the Band, as provided by its duly ratified and approved constitution and by-laws.

4. Management. The Tuolumne Community Council established in accordance with the said Constitution and By-laws of the Band, shall exercise all the corporate powers hereinafter enumerated.

5. Corporate Powers. The Band, subject to any restrictions contained in the Constitution and laws of the United States, or in the Constitution and laws of the United States, or in the Constitution and By-laws of the said Band, shall have the following corporate powers, in addition to all powers already conferred or guaranteed by the Band's constitution and by-laws:

(a) To adopt, use, and alter at its pleasure a corporate seal.

(b) To purchase, take by gift, bequest or otherwise, own, hold, manage, operate, and dispose of property of every description, real and personal, subject to the following limitations:

(1) No sale or mortgage may be made by the Band of any land or interests in land, including water, timber or mineral rights, now or hereafter held by the Band within the boundaries of the Tuolumne Rancheria.

(2) No leases or permits (which terms shall not include land assignments to members of the Band) covering any land or interests in land now or hereafter held by the Band within the boundaries of the Tuolumne Rancheria shall be made by the Band for a longer term than five years, and all such leases or permits must be approved by the Secretary of the Interior or by his duly authorized representative; but mineral leases, or any leases requiring substantial improvements of the land may be made for longer periods when authorized by law.

(3) No action shall be taken by or in behalf of the Band which in any way operates to destroy or injure the Community grazing lands or other natural resources of the Tuolumne Band of Me-Wuk Indians. All leases and permits relating to the use of community grazing lands shall conform to regulations of the Secretary of the Interior authorized by section 6 of the Act of June 18, 1934, with respect to range carrying capacity and other matters therein specified. Conformity to such regulations shall be made a condition of any such lease or permit whether or not such agreement requires the approval of the Secretary of the Interior, and the violation of such condition shall render the agreement revocable, in the discretion of the Secretary of the Interior.

(c) To borrow money from the Indian Credit Fund in accordance with the terms of section 10 of the Act of June 18, 1934 (48 Stat. 984), or from any other governmental agency, or from any member or association of members of the Band, and to use such funds directly for productive community enterprises, or to loan money thus borrowed to individual members or associations of members of the Band: Provided, That the amount of indebtedness to which the Band may subject itself, aside from loans from the Indian Credit Fund, shall not exceed \$1,000, except with the express approval of the Secretary of the Interior.

(d) To engage in any business that will further the economic well-being of the members of the Band or to undertake any activity of any nature whatever, not inconsistent with law or with any provisions of this Charter.

(e) To make and perform contracts and agreements of every description, not inconsistent with law or with any provisions of this Charter, with any person, association, or corporation, with any municipality or any county, or with the United States or the State of California, including agreements with the State of California for the rendition of public services: Provided, That all contracts involving payment of money by the corporation in excess of \$300 in any one year shall be subject to the approval of the Secretary of the Interior or his duly authorized representative.

(f) To pledge or assign chattels or future community income due or to become due to the Band: Provided, That assignments of income, other than an assignment to the United States, shall not extend more than five years from the date of execution and shall not amount for any one year to more than one-half of the net community income from any one source: And provided further, That any such pledge or assignment shall be subject to the approval of the Secretary of the Interior or his duly authorized representative.

(g) To deposit corporate funds, from whatever source derived, in any national or state bank to the extent that such funds are insured by the Federal Deposit Insurance Corporation, or secured by a surety bond, or other security, approved by the Secretary of the Interior; or to deposit such funds in the Postal Savings Bank or with a bonded disbursing officer of the United States to the credit of the Band.

(h) To sue and to be sued in courts of competent jurisdiction within the United States; but the grant or exercise of such power to sue and be sued shall not be deemed a consent by the Band or by the United States to the levy of any judgement, lien or attachment upon the property of the Band other than income or chattels specially pledged or assigned.

(i) To exercise such further incidental powers, not inconsistent with law, as may be necessary to the conduct of corporate business.

The termination shall be effective upon ratification by a majority vote of the adult members of the Band residing on the Rancheria, at an election in which at least 30 percent of the eligible voters vote. If at any time after ten years from the date of approval of the Charter, the Secretary shall disapprove a request for the termination of any such supervisory power, or fail to approve or disapprove it within 90 days after its receipt, the question of its termination may then be submitted by the Secretary or by the Community Council to popular referendum of the adult members of the Band actually living within the Rancheria, and if the termination is approved by two-thirds of the eligible voters, it shall be effective.

7. Corporate Powers. No property rights of the Tuolumne Band of Me-Wuk Indians shall be in any way impaired by anything contained in this Charter, and the community ownership of unallotted lands, whether or not assigned to the use of any particular individuals is hereby expressly recognized. The individually owned property of members of the Band shall not be subject to any corporate debts or liabilities, without such owners' consent. Any existing lawful debts of the Band shall continue in force, except as such debts may be satisfied or cancelled pursuant to law.

Any such distribution of profits in any one year amounting to a distribution of more than one-half of the accrued surplus, shall not be made without the approval of the Secretary of the Interior. No financial assets of the Band shall be distributed except as provided herein.

9. Corporate Accounts. The officers of the Band shall maintain accurate and complete public accounts of the financial affairs of the Band, which shall clearly show all credits, debts, pledges, and assignments, and shall furnish an annual balance sheet and report of the financial affairs of the Band to the Commissioner of Indian Affairs.

10. Amendments. PLAN OF OPERATION - XL RANCH

We, the members of The Pit River Home and Agricultural Cooperative Association, conforming to action taken at our annual meeting held on December 1, 1958, request that our present Plan of Operation be amended, and offer the following plan under which to continue the operation of the XL Ranch for members of the Pit River Tribe of California.

ARTICLE I

SECTION 1. The XL Ranch was bought by the Federal Government, the title to be held in trust for such Pit River Group of Indians of California, as may be designated

by the Secretary.

Twelve of the rehabilitation houses, built on the Ranch by the Federal Government remain for the use of the members holding revocable permits. A portion of the irrigable area was divided into thirteen areas of fifty-one acres each at a time when there were thirteen members on the ranch. Currently, there are eleven members, each of whom is entitled to the use of one house and one irrigable parcel. Each member who owns livestock is entitled to graze them on the tribal range under the terms of the permit.

Presently the extra house is used as a club house and meeting place and the two unpermitted areas of arable land are operated by the Association.

ARTICLE II

SECTION 1. Each member shall make a single yearly payment in the amount of \$250, which will be due and payable December 1st of each year in advance and any member delinquent for one year shall forfeit his membership and his revocable permit shall be cancelled. This payment will provide for the use of the homesite, the permitted irrigable land, for the operation and maintenance of the community irrigation facilities and the maintenance of fences on the land not under revocable permit. It is understood that normal maintenance of fences and irrigation structures on lands described in his revocable permit and the house permitted to him will be the individual Permittee's responsibility. The Association will make payment of premiums for fire insurance on the houses, exclusive of contents.

SEC. 2. Each member will be required to pay an annual fee per head of livestock grazed on lands outside the permitted irrigable area. The grazing fee will be \$7.00 per year payable in advance for each animal of over six months of age at the time of entering upon the range. The Association agrees to maintain all exterior boundary fences and the two large corrals. Each member will provide his own bulls, salt, supplies, etc. The grazing fee may be revised by the Board with the approval of the Area Director to meet changing conditions. Grazing fees for each ensuing year shall be determined and announced by not later than October 1st of each year.

SEC. 3. A member in good standing is one who conforms to the provisions of the Articles of Association and By-laws and Plan of Operation.

REVOCABLE PERMIT

This permit is made under authority of a Revocable Assignment approved by the Assistant Secretary of the Interior, February 1, 1941, assigning the right to use the lands known as the XL Ranch to The Pit River Home and Agricultural Cooperative Association, hereinafter called the "Association". Section 3 of said assignment gives the Association authority to grant revocable permits for use of portions of the land, with the approval of the Area Director of the Sacramento Area of the Bureau of Indian Affairs.

SECTION 1. The Association grants permission this _____ day of _____ to _____ (hereafter called the "Permittee") to enter upon and occupy the land, buildings, and other improvements described as _____

as shown on plot of the XL Ranch, Modoc County, California, on file at the Sacramento Agency.

SEC. 2. The Permittee agrees to make a yearly payment in advance of \$250 on December 1st of each year. This payment will provide for the use of the homesite, the permitted irrigable land as described in Section 1 above, the operation and maintenance of the community irrigation facilities and the general upkeep of the ranch outside the permitted areas. Payments will be made to the Board of Directors of the Association to be transmitted to the Area Director, Sacramento Area Office for deposit to the account of the Association.

SEC. 3. The Permittee agrees to pay in advance an annual fee of \$7.00 per head for each head of livestock over six months of age, grazed on the land outside the permitted irrigable area. This fee may be increased or decreased by the Board of Directors of the Association by a percent proportionate to any increase or decrease in the price of beef cattle as reflected in the price index of the Department of Agriculture marketing report. Such fee price change, if any, shall be announced by October 1st of each year and shall become effective December 1st of each year and continue in effect that year. Any change in the grazing fee shall be subject to approval by the Area Director.

SEC. 4. The Permittee promises to pay such fees as may be levied by the Board of Directors and approved by the Area Director, for the use of machinery belonging to the Association. In the event the Board fails to establish fees satisfactory to

the Area Director, the Permittee promises to pay such fees as are prescribed by the Area Director.

SEC. 5. The Permittee agrees to maintain his home on the XL Ranch in a good state of repair and to operate the permitted irribable land in a good and husbandmanlike manner. He hereby pledges his crops and cattle as security for the payment of rentals and fees and agrees to work harmoniously with other members of the Association. The Association agrees to maintain the primary irrigation ditches and structures in a satisfactory manner and deliver available water to the various fields as scheduled where it will be distributed by the Permittee. The Association further agrees to maintain all fences except those for the protection or division of the Permittee's irrigable land.

It is mutually agreed that each Permittee shall be allowed to graze his beef cattle on the grazing land outside the permitted area in numbers not to exceed his proportionate share of the carrying capacity of the range as determined by the Area Director.

If, after all members of the Association have been permitted grazing privileges according to their proportionate share for all the cattle they own, it is determined there is range surplus to the carrying capacity, any member shall have a preference right to use the surplus range by paying the required fee even though it is more than his proportionate share. However, if other Association members increase their herds so as to exceed the carrying capacity but not to exceed their proportionate share, members using the surplus range shall be required to reduce their herds to the carrying capacity of the range. If more than one member is using surplus range they shall share it equally.

SEC. 6. This permit is subject to the following conditions: (a) The rights granted hereunder may not be sold or exchanged; (b) All mineral rights and the rights to grant easements on the land for public purposes are reserved to the Secretary of the Interior or his authorized representative.

SEC. 7. This permit may be revoked by the Board of Directors with the approval of the Area Director for any of the reasons set forth below. In the event the Board fails to revoke a permit when the Area Director deems it necessary to do so, the Area Director may revoke the permit for any of the reasons set forth below:

- (a) Violation of any conditions of this permit by the Permittee;
- (b) Failure of the Permittee to make beneficial use of the land, buildings, and other improvements;
- (c) Failure of the Permittee to engage in the activities of the Association, or to conduct himself in a manner beneficial to the Association;
- (d) If the Permittee dies or otherwise ceases to be a member of the Association.
- (e) If the Permittee physically misuses the land, buildings, or other improvements, fails to take proper care thereof, or fails to pay for damages caused by such misuse, the amount of such damages to be determined by the Board of Directors, subject to approval by the Area Director.

(f) If the Revocable Assignment approved by the Assistant Secretary February 1, 1941, and under authority of which this permit is made, should be revoked by the Secretary.

The Area Director shall be the judge of any violations as listed in this section.

SEC. 8. The Board of Directors shall notify the Permittee in writing in case this permit is to be revoked, giving the reasons therefor, and the date the premises must be vacated. In the event the Board fails to act, the Area Director may send such notification. The Permittee shall have the right of appeal to the Area Director. Such appeal must be made within fifteen (15) days of the date of notification to the Permittee, and the decision of the Area Director shall be final.

SEC. 9. The Permittee agrees to pay as liquidated damages, \$_____ for each day he remains on the premises after the date specified in the notice of revocation; provided that the Permittee shall not be liable for any charge during the time an appeal is pending. Such charges shall start ten (10) days after the decision of the Area Director. Payments shall be made to the Area Director, Sacramento Area Office for the account of the Association.

SEC. 10. It is understood and agreed that this instrument is not a lease or assignment, and is not to be taken or construed as granting any leasehold interest or right in or to the land, buildings, or other improvements described herein, but is merely a temporary permit, terminable and revocable under the conditions set forth herein.

SEC. 11. It is understood and agreed that the Permittee may place improvements on the land covered in this permit and, provided he is not indebted to the Association, may remove or sell the same within sixty (60) days after revocation of this permit. A Permittee who is indebted to the Association shall pay such indebtedness in full within sixty (60) days after revocation of this permit and before removing or selling any improvements. If the Permittee fails to pay in full such indebtedness within the prescribed period, the Association may take possession of the improvements, applying as much of the value thereof as is needed to liquidate the indebtedness, and if the Permittee fails to remove the improvements within the specified period, they shall become part of the land.

SEC. 12. No member of or delegate to Congress or resident Commissioner shall be admitted to any share or part of this contract or to any benefit that may arise therefrom, but this restriction shall not be construed to extend to this contract if made with a corporation or company for its general benefit.

3. MEMBERSHIP.

A. Membership in the Cher-ae Heights Indian Community shall consist of:

1. All persons of California Indian blood who hold valid assignments of the Trinidad Rancheria.

2. Children of assignees who are at least one-eight (1/8) degree California Indian blood and who are residing on the Trinidad Rancheria as members of the household of the assignee through whom membership is claimed.

3. Those persons who otherwise meet the requirements for membership with this Community but are enrolled with another Indian group, band or tribe shall be disqualified for membership unless written evidence of relinquishment of membership rights at the other rancheria or reservation is furnished. Persons who have been named in an approved plan providing for the distribution of the assets of another rancheria or reservation shall not be eligible for membership.

B. The Business Committee shall keep the community membership roll current by removing the names of persons whose membership is terminated by death, cancellation or relinquishment of an assignment, loss or relinquishment of membership, and by adding the names of new assignees and their children who qualify as members.

C. For the purpose of defining residence on the Trinidad Rancheria, as used in A.2. of this section, absence due to school attendance, military service, or for temporary employment not to exceed a period of one year shall not be construed as reason for denying membership to persons otherwise qualified.

D. The Community Council shall have the power to enact ordinances which are not inconsistent with this document governing future membership, loss of membership and the adoption of members into the Community. Such ordinances shall be subject to approval by the Area Director.

4. GOVERNING BODY. The governing body shall be the Community Council, which shall consist of all members twenty-one (21) years of age or over. To implement its governing powers the Community Council shall elect from its membership a Chairman, Vice-Chairman, Secretary-Treasurer, and two additional members to serve as a Business Committee having such authority, responsibilities, and duties as hereinafter provided. Eligibility to serve on the Business Committee shall be restricted to those Community Council members who either reside on or have homes under construction on the Trinidad Rancheria. The terms of office for the Business Committee selected at the first election shall be three years for the Chairman and the Secretary-Treasurer, and two years for the other members. Thereafter, for all members the term of office shall be for two years or until their successors are elected.

All elections shall be conducted in accordance with an ordinance or ordinances adopted by the Community Council. The first election of the Business Committee shall be held within sixty (60) days from the date of approval of this document by the Commissioner of Indian Affairs. Such election shall be called by the Rancheria Chairman serving at that time.

6. VACANCIES AND RECALL. If a Business Committee member shall die, resign or be recalled from office or found guilty of a felony involving dishonesty, in any County, State or Federal court, the office shall be automatically vacated. Any such vacancy shall be filled by the Community Council at its next meeting and such replacement shall serve the unexpired term of office.

Upon receipt of a petition calling for the recall of an officer, signed by at least thirty percent (30%) of the eligible voters, the Business Committee shall within thirty (30) days schedule a recall election. In such election the majority vote shall govern, provided that at least fifty-one (51%) of the eligible voters participate.

7. POWERS OF THE COMMUNITY COUNCIL AND THE BUSINESS COMMITTEE.

A. Community Council. The Community Council shall have the following powers and responsibilities, subject to any limitation imposed by the statutes and the Constitutions of the United States and the State of California.

The Business Committee shall represent the Community Council in all negotiations and relationships between the Community Council and the local, State, and Federal governments, or agencies and officers thereof, and it shall be the responsibility of the Business Committee faithfully to report to the Community Council on all such negotiations. No business shall be conducted in a Community Council meeting unless at least fifty-one percent (51%) of the members are present. All official Community Council meetings shall be publicly advertised for at least ten (10) days in advance.

**CORPORATE CHARTER OF THE WASHOE TRIBE OF THE STATES
OF NEVADA AND CALIFORNIA**

Ratified February 27, 1937

A Federal Corporation Chartered Under the Act of June 18, 1934.

Whereas, the Washoe Tribe in the States of Nevada and California constitutes a recognized Indian Tribe organized under a Constitution and By-laws ratified by the members of the Washoe Tribe on December 16, 1935, and approved by the Secretary of the Interior on January 24, 1936, pursuant to Section 16 of the Act of June 18, 1934, (48 Stat. 984), as amended by the Act of June 15, 1935, (49 Stat. 378); and

Whereas, more than one-third of the adult members of the Tribe have petitioned that a charter of incorporation be granted to such Tribe, subject to ratification by a vote of the adult Indians living within the territory of the Tribe;

Now, therefore, I, Charles West, Acting Secretary of the Interior, by virtue of the authority conferred upon me by the said Act of June 18, 1934, (48 Stat. 984), do hereby issue and submit this charter of incorporation to the Washoe Tribe of Nevada and California to be effective from and after such time as it may be ratified by a majority vote of the adult Indians living within the Dresslerville Indian Colony, comprising the territory of the Tribe, at an election in which at least 30 percent of the eligible voters vote.

1. Corporate Existence. In order to further the economic development of the Washoe Tribe in the States of Nevada and California by conferring upon the said Tribe certain corporate rights, powers, privileges, and immunities; to secure for the members of the Tribe an assured economic independence; and to provide for the proper exercise by the Tribe of various functions heretofore performed by the Department of the Interior, the aforesaid Tribe is hereby chartered as a body politic and corporate of the United States of America, under the corporate name "The Washoe Tribe."

2. Perpetual Succession. The Washoe Tribe shall, as a Federal Corporation, have perpetual succession.

3. Membership. The Washoe Tribe shall be a membership corporation. Its members shall consist of all persons now or hereafter members of the Tribe, as provided by its duly ratified and approved Constitution and By-laws.

4. Management. The Washoe Tribal Council established in accordance with the said Constitution and By-laws of the Tribe, shall exercise all the corporate powers herein-after enumerated.

5. Corporate Powers. The Tribe, subject to any restrictions contained in the Constitution and laws of the United States, or in the Constitution and By-laws of the said Tribe, shall have the following corporate powers, in addition to all powers already conferred or guaranteed by the Tribal Constitution and By-laws:

- (a) To adopt, use, and alter at its pleasure a corporate seal.
- (b) To purchase, take by gift, bequest, or otherwise, own, hold, manage, operate, and dispose of property of every description, real and personal, subject to the following limitations:
 - (1) No sale or mortgage may be made by the Tribe of any land or interests in land, including mineral rights, now or hereafter held by the Tribe.
 - (2) No leases or permits (which terms shall not include land assignments to members of the Tribe) covering any land or interests in land now or hereafter held by the Tribe shall be made by the Tribe for a longer term than five years, and all such leases, permits or contracts must be approved by the Secretary of the Interior or by his duly authorized representative; but mineral leases or any leases requiring substantial improvements of the land may be made for longer periods when authorized by law.
 - (3) No action shall be taken by or in behalf of the Tribe which in any way operates to destroy or injure the tribal grazing lands or other natural resources of the Tribe. All leases or permits relating to the use of tribal grazing lands shall conform to regulations of the Secretary of the Interior authorized by Section 6 of the Act of June 18, 1934, with respect to range carrying capacity and other matters therein specified. Conformity to such regulations shall be made a condition of any such lease or permit whether or not such agreement requires the approval of the Secretary of the Interior, and violation of such condition shall render the agreement revocable, in the discretion of the Secretary of the Interior.
- (c) To issue interests in corporate property in exchange for restricted Indian lands, the forms for such interests to be approved by the Secretary of the Interior.
- (d) To borrow money from the Indian Credit Fund in accordance with the terms of Section 10 of the Act of June 18, 1934 (48 Stat. 984), or from any other Governmental agency, or from any member or association of members of the Tribe and to use such funds directly for productive tribal enterprises, or to loan money thus borrowed to individual members or associations of members of the Tribe: Provided, That the amount of indebtedness to which the Tribe may subject itself, aside from loans from the Indian Credit Fund, shall not exceed \$2,000, except with the express approval of the Secretary of the Interior.
- (e) To engage in any business that will further the economic well-being of the members of the Tribe or to undertake any activity of any nature whatever, not inconsistent with law or with any provisions of this charter.
- (f) To make and perform contracts and agreements of every description, not inconsistent with law or with any provisions of this charter, with any municipality or any county, or with the United States or the State of Nevada, including agreements with the State of Nevada for the rendition of public services: Provided, That any contract involving payment of money by the corporation in excess of \$200 in any one fiscal year shall be subject to the approval of the Secretary of the Interior or his duly authorized representative.
- (g) To pledge chattels or assign future tribal income due or to become due to the Tribe: Provided, That any such agreement assigning future income shall not

extend more than two years from the date of execution and shall not amount for any one year to more than one-half of the net tribal income in the preceding year: And provided further, That any such agreement of pledge or assignment shall be subject to the approval of the Secretary of the Interior or his duly authorized representative.

(h) To deposit corporate funds, from whatever source derived, in any national or State bank to the extent that such funds are insured by the Federal Deposit Insurance Corporation, or secured by a surety bond, or other security, approved by the Secretary of the Interior; or to deposit such funds in the Postal Savings Bank or with a bonded disbursing officer of the United States to the credit of the Tribe.

(i) To sue and to be sued in courts of competent jurisdiction within the United States; but the grant or exercise of such power to sue and to be sued shall not be deemed a consent by the Tribe or by the United States to the levy of any judgment, lien or attachment upon the property of the Tribe other than income or chattels specially pledged or assigned.

(j) To exercise such further incidental powers, not inconsistent with law, as may be necessary to the conduct of corporate business.

6. Termination of Supervisory Powers. Upon request of the Washoe Tribal Council for the termination of any supervisory power reserved to the Secretary of the Interior under Sections 5 (b) (2), 5 (c), 5 (d), 5 (f), 5 (g), 5 (h), and Section 8 of this charter, the Secretary of the Interior, if he shall approve such request, shall thereupon submit the question of such termination for ratification by the Tribe. The termination shall be effective upon ratification by a majority vote of the adult members of the Tribe residing within the territory of the Tribe, at an election in which at least 30 percent of the eligible voters vote. If, at any time after ten years from the date of approval of this charter, the Secretary shall disapprove a request for the termination of any such power, or fail to approve or disapprove it within 90 days after its receipt, the question of its termination may then be submitted by the Secretary or by the Tribal Council to popular referendum of the adult members of the Tribe actually living within the Territory of the Tribe, and if the termination is approved by two-thirds of the eligible voters, it shall be effective.

7. Corporate Property. No property rights of the Washoe Tribe shall be in any way impaired by anything contained in this charter, and the tribal ownership of unallotted lands, whether or not assigned to the use of any particular individuals is hereby expressly recognized. The individually owned property of members of the Tribe shall not be subject to any corporate debts or liabilities without such owners' consent. Any existing lawful debts of the Tribe shall continue in force, except as such debts may be satisfied or cancelled pursuant to law.

8. Corporate Dividends. The Tribe may issue to each of its members a non-transferable certificate of membership evidencing the equal share of each member in the assets of the Tribe and may distribute per capita among the recognized members of the Tribe, all income of the Tribe over and above sums necessary to defray corporate obligations to members of the Tribe or to other persons and over and above all sums which may be devoted to the establishment of a reserve fund, the construction of public works, the costs of public enterprises, the expenses of tribal government, the needs of charity, or other corporate purpose. Any such distribution of profits in any one year amounting to a distribution of more than one-half of the accrued surplus, shall not be made without the approval of the Secretary of the Interior. No financial assets

of the Tribe shall be distributed except as provided herein.

9. Corporate Accounts. The officers of the Tribe shall maintain accurate and complete public accounts of the financial affairs of the Tribe, which shall clearly show all credits, debts, pledges, and assignments, and shall furnish an annual balance sheet and report of the financial affairs of the Tribe to the Commissioner of Indian Affairs.

10. Amendments. This charter shall not be revoked or surrendered except by act of Congress, but amendments may be proposed by resolutions of the Tribal Council which, if approved by the Secretary of the Interior, shall be effective when ratified by a majority vote of the adult members living within the territory of the Tribe at a popular referendum in which at least 30 percent of the eligible voters vote.

11. Ratification. This charter shall be effective from and after the date of its ratification by a majority vote of the adult members of the Washoe Tribe living within the Dresslerville Indian Colony, provided at least 30 percent of the eligible voters shall vote, such ratification to be formally certified by the Superintendent of the Carson Indian Agency and the Chairman and Secretary of the Washoe Tribal Council.

Submitted by the Secretary of the Interior for ratification by the Washoe Tribe in a popular referendum to be held on February 27, 1937.

If the Superintendent shall refuse to approve any ordinance or resolution submitted to him he shall advise the Washoe Tribal Council of his reasons therefor. If these reasons appear to the Washoe Tribal Council insufficient, it may, by a majority vote, refer the ordinance or resolution to the Secretary of the Interior, who may within ninety (90) days from the date of its receipt by him, approve the same in writing, whereupon the said ordinance or resolution shall become effective.

ARTICLE VII — POWERS OF THE COMMUNITY COUNCILS

Colony, and the Carson Colony shall make every effort to improve the welfare and protect the interests of the residents of their respective communities.

SEC. 2. All powers not now or in the future expressly reserved for or delegated to the Washoe Tribal Council may be exercised by the community councils in accordance with their Articles of Association and this constitution, and subject to all limitations imposed by the Statutes and Constitution of the United States; provided: That the Washoe Tribal Council reserves the right to veto an action of the community councils which, in the opinion of the Washoe Tribal Council, is not in the best interest of the local residents or the Washoe Tribal membership as a whole, and provided further: That such veto action must be taken within 60 days from the date of the community council's action.

ARTICLE VIII -- TRIBAL LANDS

SECTION 1. Allotted lands, including heirship lands, held in trust by the United States for members of the Washoe Tribe, shall continue to be held as heretofore by their present owners. The right of the individual Indian to hold or to part with his land, as under existing law, shall not be abrogated by anything contained in this constitution, but the owner of restricted land may with approval of the Secretary of the Interior, voluntarily convey his land to the Washoe Tribe, either in exchange for a money payment or in exchange for standard assignment covering the same or other land, as hereinafter provided.

SEC. 2. The unallotted lands of the Washoe Tribe of Indians and lands which may hereafter be acquired by the Washoe Tribe of Indians or by the United States in trust for the Washoe Tribe of Indians shall be held as tribal lands. Tribal lands shall not be allotted to individual Indians but may be assigned to members of the Washoe Tribe, or leased, exchanged for other lands of equal value, or otherwise used by the tribe, as hereinafter provided.

SEC. 3. Tribal lands may be leased by the Washoe Tribal Council with the approval of the Secretary of the Interior, for such periods of time as are permitted by law. The following provisions shall govern:

(a) In the leasing of tribal lands, preference shall be given first to Indian cooperative associations, and secondly, to individual Indians who are members of the Washoe Tribe.

(b) Non-members enjoying tenure on Washoe tribal lands on the date of approval of this amended constitution shall be given the opportunity to lease the land they presently occupy and use, in accordance with the regulations established by the Secretary of the Interior; provided, that these provisions shall not affect existing approved lease contracts.

Persons in this category who do not choose to lease the tribal land will be given 120 days from the date of notification by the Washoe Tribal Council to remove all improvements. At the end of the 120 days period any improvements not removed will become tribal property.

(c) With the exception of those persons provided for in (b) above, no lease of tribal land to non-members shall be made by the Washoe Tribal Council unless it shall appear that no Indian cooperative association or individual member of the tribe is able and willing to use the land and to pay a reasonable fee for such use. The Washoe Tribal Council, in considering any such lease of tribal land upon a Washoe

Colony, shall consider the recommendations of the respective community councils.

(d) Grazing permits covering tribal land may be issued by the Washoe Tribal Council, with the approval of the Secretary of the Interior, in accordance with the Secretary's Rules and Regulations.

SEC. 4. In any assignment of tribal lands preference shall be given first to members of the tribe who are heads of families and are entirely landless, and, secondly, to heads of families who have received assignments consisting of less than an economic or useable unit.

Assignments made under this section shall be for the primary purpose of establishing homes for landless Washoe Indians, and shall be known as Standard Assignments.

SEC. 5. If any members of the tribe holding a Standard Assignment of land shall, for a period of one year, fail to use the land so assigned; the assignment may be cancelled by the Washoe Tribal Council after due notice and an opportunity to be heard, and the said land may be reassigned in accordance with the provisions of Section 4 of this Article.

Upon the death of any Indian holding a Standard Assignment, his heirs or other individuals designated by him, by will or by written request, shall have preference in the reassignment of the land, provided such persons are members of the Washoe Tribe who would be eligible to receive a Standard Assignment, except that where the heirs include minors who are eligible for membership in the Washoe Tribe, a surviving parent or guardian, regardless of whether or not they themselves are eligible for membership, may receive the assignment on behalf of the minors.

SEC. 6. All applications for assignment of tribal land shall be filed with the Secretary of the Washoe Tribal Council. Applications from residents of Woodfords, the Dresslerville Colony, and the Carson Colony shall be accompanied by a written recommendation from the respective community councils. All applications shall be filed and processed in accordance with an assignment ordinance enacted by the Washoe Tribal Council and reviewed by the Secretary of the Interior.

The Washoe Tribal Council shall call and hold the referendum within 30 days from the date of receipt of a valid petition; and shall prescribe the manner in which it is to be conducted.

The decision of a majority of the voters voting in such election shall be binding on the Washoe Tribal Council, provided that at least 30% of those entitled to vote shall vote in the referendum.

SEC. 3. Recall. (a) A member of the Washoe Tribal Council who is representing Woodfords, the Dresslerville Colony, or the Carson Colony may be recalled from the Washoe Tribal Council by the residents of his or her respective colony or community, or by a majority vote of the members of his community council. The residents of those communities or colonies may recall one or all of their Washoe Tribal Council representatives by presenting a petition, signed by a majority of the eligible voters of the colony or community, to the community council. This petition shall state the complaint against their representative and shall ask for his or her recall from office. Upon receipt of a valid petition, the community council shall act to recall the accused. A person recalled from the Washoe Tribal Council is not by this action automatically recalled from his seat on the community council.

(b) The Washoe Tribal Council member representing the Reno-Sparks Colony may be recalled by the eligible voters of the tribe who are residents of the Reno-Sparks Colony. They may accomplish a recall by requesting recall action from the Washoe Tribal Council in a petition signed by a majority of the eligible Washoe voting residents.
